

SITI HAURA' ZAHRA BINTI MOHD JAHIDIN

ABOUT ME

I am a Diploma in Computer Science and Mathematics student at Universiti Teknologi MARA (UiTM) Tapah Campus with a strong passion for technology and programming. I chose this field because of my deep interest in learning coding and developing technical skills. Throughout my diploma studies, I have gained knowledge in various programming areas such as C++, Object-Oriented Programming using Java, and HTML. In addition, I am a team-oriented individual who works well in group environments and can perform effectively under pressure. I have strong problem-solving skills and always seek practical solutions when facing challenges. I am also highly committed and responsible in completing tasks, with excellent attendance and dedication towards my studies. Most importantly, I am eager to continue learning and expanding my knowledge in the field of computer science.
